

**For Our Valued US Customers:** When you place an order with us from the United States, there are a couple of key points to keep in mind. Firstly, the prices you see at checkout are exclusive of Value Added Tax (VAT), which is a tax included in the prices for our European customers. This means that the final price you pay will be notably lower than what our European customers see, allowing you to enjoy significant savings.

On the flip side, it's important to be aware that your order may be subject to customs fees, import duties, taxes, or other charges determined by your country's regulations. These additional charges are not included in the item's price or the shipping cost, and they are the responsibility of the customer. We want to make sure you're fully informed about this possibility, as customs policies can vary from country to country.
